DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael T. Raggio on January 10, 2005.

1. The application has been amended as follows:
 - Please cancel claims 12 – 19.

Allowable Subject Matter

2. Claims 1, 2, 4 – 11 and 20 are allowed.

The following is an examiner's statement of reasons for allowance:

- The Examiner found the arguments with respect to the shape of the flapper finger valve persuasive, and considers that the references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action mailed on September 30, 2004, and further comprising the limitations of **(With respect to claims 1 and 20)** a flapper finger valve assembly having at least one flapper valve having a generally C-shape.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The attached hereto PTO Form 892 lists prior art made of record that the Examiner considered it pertinent to applicant's disclosure.
